Profile Summary

Results-oriented **Power BI Developer or Microsoft Fabric** with **4 years of experience** in designing, developing, and optimizing interactive dashboards and reports. Skilled in **Power BI, DAX, Power Query, SQL Server, and data modeling**, with expertise in building scalable BI solutions that drive business decision-making. Adept at implementing **Row-Level Security (RLS),** managing **Power BI Service administration**, and creating dataflows for performance optimization. Experienced in **ETL processes, data integration, and performance tuning**, with a strong ability to transform complex datasets into actionable insights.

Power BI Ecosystem

- Power BI Desktop and Power BI Administration
- Data Visualization
- Data Modelling
- DAX (Data Analysis Expression)
- SQL Server

Tools

Power BI, ServiceNow, Jira, Excel, Microsoft Dynamics 365, Microsoft Fabric

Languages: SQL

Professional Experience

Power BI Developer | E-Labs Infotech Technologies (LTIMindtree Technologies)

- Developed and maintained interactive **Power BI dashboards** to track premium and professional support ticket volumes, assignment patterns, and resolution timelines.
- Handled **administration activities** including RLS, licenses, activity logs, user metrics, gateways, and dataset refreshes.
- Created and optimized **SQL queries** to extract, clean, and process large datasets.
- Built **dataflows** for performance optimization and efficient data processing.

- Implemented advanced **DAX calculations** (CALCULATE, FILTER, MTD, QTD, YTD, Cumulative totals).
- Worked with Microsoft **Fabric Dataflows**, content packs, groups, and gateways for efficient report sharing.
- Designed drill-through and **drill-down reports** for enhanced data exploration.
- Good knowledge of **Power BI Fabric Licenses, Roles, Workspaces, Service, Refreshes**, and Capacities.
- Collaborated with business users to gather requirements and deliver insights.

Power BI Analyst | Atos Syntel

- Created dashboards for business groups like finance and sales using multiple data sources.
- Designed customized and interactive dashboards **(Line, Bar, Pie, Doughnut, Matrix, Maps, Filters,** etc.).
- Developed **profit analysis reports** and dashboards by service areas and customers.
- Implemented **Row Level Security** by defining various constraints for roles.
- Created relationships among tables for robust data modeling.
- Worked with time intelligence, logic, aggregate, and filter DAX functions.
- Used organizational visuals like Histograms and Aster Plots.

Senior Analyst | HCL Technologies Pvt. Ltd.

- Handled end-to-end trade reconciliation processes and reported settlement discrepancies.
- Managed break resolutions, corporate action handling, and high-value trade escalations.
- Generated reports for share aging, reconciliation trends, and Hyper Care documentation.
- Supported month-end closures and ensured accuracy of reconciliation data.

Education

Bachelor of Engineering (Mechanical Engineering) Acropolis Technical Campus (RGPV), Indore | 2015 – 2019

Certifications

- Microsoft Certified: Power BI Data Analyst Associate (PL-300) – Aug 2023
- Udemy: Microsoft Power BI Desktop for Business Intelligence – Mar 2023
- Udemy: Advanced Power BI Techniques – Nov 2024
